

Wisconsin's Do Not Call List has worked wonderfully since implemented and we don't want the federal government making changes to it. My family is extremely pleased with the way it has worked for us. I did not sign up for the federal Do Not Call List because I knew it wouldn't work as well as Wisconsin's list. Resist the temptation to "Big Brother" us and let us deal with this as we please. It is working for Wisconsin and we would like it to continue to work for us without interference from the federal government.
